

ENGINEERED WOOD SIDING

REAL WESTERN RED CEDAR. A LOT LESS MONEY.

Get the genuine look and warmth of Western Red Cedar at a fraction of the cost of solid boards.

VLC 1×6 T&G ENGINEERED VG WESTERN RED CEDAR

IT'S A WIN-WIN for you and your customer

COSTS LESS

More economical than solid Western Red Cedar, so your bids are more competitive and your margins are bigger.

INSTALLS EASIER

Stable, straight, consistent boards with a tongue & groove profile go up faster, with less sorting and less waste.

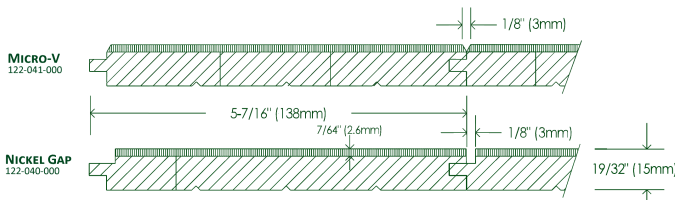

REAL CEDAR

Face and backer are both real VG Western Red Cedar, with the true cedar appearance your clients want.

INCREASE YOUR PROFIT

Same cedar look. Lower material cost. Faster installs. Choose engineered and keep more of every siding job.

TWO PROFILES IN STOCK

WHY ENGINEERED CEDAR

- ◆ Highly stable & durable
- ◆ Highly sustainable & affordable
- ◆ Thickest veneer wear surface
- ◆ Backer & face both cedar
- ◆ Backer & face re-dried to the same moisture content, so less expansion & contraction
